### President's Message for June 2020

Dear Club Members

This has been a difficult month for me and our club. Not only have we had to deal with the Covid 19 pandemic, but we lost several great Rotarians: Steve Bora, John Bahnsen and recently Cathi Woods-Bacher. Cathi passed in her sleep Saturday May 16, 2020. We were the recipients of an Outstanding Club Award (see the article right after the President's message).

Her Memorial Service was held on Friday, May 22, 2020. Included in this edition of Stripping's is the obituary shared at her service prepared by her husband John Bacher. I encourage you to read this because you will learn much about Cathi and realize what a talented, loving, and generous person she was. Lodi Rotary was blessed to have her as a member.

In this edition is a brief article on Ready to Work San Joaquin County. This wonderful program is fortunate to have Martin Ross as Executive Director. Many of you know Martin from his tour with the Salvation Army.

Our Scholarship recipients are also recognized in this edition of Stripping's. Two from Lodi HS and one from Jim Elliott CHS.

Also included is an article on the Ultrasound Global Grant completed in late May 2020. The grant involved the purchase of an Ultrasound machine for the Batangas Medical Center, Batangas Province, Philippines. It was a joint effort between the Lodi Rotary Club D5220 and the Downtown Batangas Rotary Club PI D3820.

This will be the last edition for the year. Paul Mertz served as editor for many years and did a marvelous job. A copy of one of the newsletters done by Paul appears at the end. By default, I ended up being the editor for the last three years. As of this edition my term as editor comes to an end. Hopefully, someone will step up to the plate and continue to publish Stripping's. I will be available to help with the transition.

I have included a directory which many have been asking for. It includes contact information please treat it confidentially.

*Mike Hodge*

**Obituary**

Cathi Woods- Bacher

10-4-1961

5-16-2020

Following is the obituary read by John Bacher at the service, Friday, May 22, 2020

First, I want to thank everyone for attending today. Unfortunately, with this whole Covid thing we can't get together and have an in person gathering, but I appreciate you viewing remotely.

Second, thank you for all the kinds words that people have shared about Cathi and her impact in their lives. One of my regrets is that Cathi cannot see those comments. She had really struggled during the last 12 months, as her pain increased, with feeling she was not making an impact. I knew that wasn't true, and tried to convince her, but she still struggled.

Note if you activated your pass, they have been extended for 60 days as a result of the Covid 19 Pandemic.

You don't have a pass?

See Cameron Bregman, Brian Kanegawa or Mike Hodge.

Cathi's Biography or the story of the woman who loved red.

Cathi Lynn Woods was born October 4<sup>th</sup>, 1961 in Chattanooga TN and raised in North West Georgia in Mountain View. She served as a page in the Georgia Senate. She attended high school at Gordon Lee in Chickamauga GA. She loved her school and was very proud to attend there. She was active in cheerleading, and the rifle team. She also did modeling with the Teen Board, which lead to a life-long obsession with fashion and looking her best at all times. Anyone who knows her, will attest that she NEVER went out without being made-up and looking like she just walked off a photo shoot from Vogue magazine. (which she read religiously to see the latest fashion trends.)

She moved to Jackson Mississippi for her senior year of high school and was always crushed that she did not graduate from Gordon Lee. In 2019, we went back to Gordon Lee for the 40<sup>th</sup> class reunion and she was given an honorary diploma. Cathi was over-whelmed and touched by this. Thanks to Jan Wright for making that happen.

She spent a few years in Mississippi and Louisiana working before coming back to the Tennessee area and attending Trevecca Nazarene College studying marketing. She eventually ended up working for Estee Lauder, continuing her on-going love affair with make-up.

In 1989 she got pregnant with her son Joshua and was forced to leave Estee Lauder. Soon after having Joshua, Cathi started working at a Pregnancy Resource Center. She started as a receptionist and was soon running the center, leading her to study management techniques and develop leadership skills. She continued working with Pregnancy Centers off and on for almost 30 years.

Her work with pregnancy centers took her to numerous locations in Tennessee, Boston, Houston, Pennsylvania, and California.

While in Dayton Tennessee, she worked for an organization and created an abstinence sex education program which was so successful that they created "Cathi Woods Day" in the city of Dayton. Her work was also recognized by Christianity Today magazine and gave her national exposure. This led to many years of flying around the country to speak at pregnancy center fund-raising banquets. It also got her involved with CareNet, a national right to life group, where she spoke on leadership and fund-raising at their national conventions.

While in Boston, she was awarded a Tanner Business fellowship to attend Harvard Business School and their Social Enterprise program. She was very proud of that accomplishment which happened while working full-time and being a single mom. While in Boston she was selected to be in Who's Who in America 2002.

Of the things we think, say or do

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?

After the tragedy of 9/11, Cathi was invited to become the COO of the Todd Beamer (the famous man from Flight 93 who said “Let’s Roll) foundation. Cathi reluctantly left Boston and moved to Princeton NJ to help run the foundation.

Cathi then moved to Delaware to become CEO of Girls Inc. of Delaware. When that situation didn’t work out, she returned to Georgia and worked for two years for the WhyNo organization promoting abstinence sex education.

Returning to the pregnancy center world, Cathi then moved to Houston Texas and became the CEO of The Source for Women. After she fulfilled her three-year contract, she could not move from Texas fast enough, as she hated the heat and humidity of Houston.

That took her to Lewisburg Pennsylvania as CEO of Expectations, where she reached out to the diverse community of the Amish and students of Bucknell University. She also started a non-profit, the Campaign for Life and Compassion.

She then moved to California to be the CEO of a pregnancy center in the East Bay. Two days into that job, the IT consultant for the firm, me, came into setup her email. We started talking about changing some of the technology in the office, and one thing lead to another, and we had our first date Thanksgiving weekend 2011. I should have known that trouble was coming, because she called to cancel the date because a temporary crown had broken off, but I volunteered to drive her to the dentist and spent 2 hours of our first date in the dentist’s waiting room.

Something did go right from that first date (which by the way, was the first date she had had in 23 years – no pressure at all) , and soon we were almost inseparable. We attended my daughter’s February wedding together. In March we travelled to Southern California so she could meet my parents, and on the trip back to Northern Cal, we stopped at Pismo Beach, where I proposed.

On April 15h, 2012, Cathi was going up the stairs at my house and tripped. Rather than falling on my dog, she threw herself to the left too hard, and went over the banister. She shattered all 7 ribs and ultimately ended up puncturing her lung in 2 places. She spent 3 weeks in the hospital and had 3 surgical procedures trying to put her back together. She came out of the hospital and during a follow up with the thoracic surgeon it was observed that her collar bone was not the correct position, which launched another surgery and a week in the hospital. 10 days after discharge we were married in our pastor’s back yard (Thanks Jim and Linda Shields). Cathi’s family could not attend the ceremony, so her dentist, Christina Mason, who

2018-2019 Stockton Rotary Club President Waqar Rizvi led a team of District 5220 Rotarians to Pakistan where they participated in a National Immunization Day. We are This Close to eradicating Polio!

was there for the beginning, was her only family present, except for her son, Josh, who was my best man, and my daughter, Samantha, who was the matron of honor.

She was declared permanently disabled by Social Security. The accident stopped her career, but not her desire to help women. After we moved to Lodi at the end of 2015, Cathi started getting more anxious to get back into investing in women. In May 2017, Cathi formed LeadHERship to help women embrace that they are powerful, priceless, and purposed. She used her disability money to fund LeadHerShip. She joined the Lodi Chamber of Commerce and the Rotary Club of Lodi. She immediately formed some very deep and meaningful friendships with various women and started teaching LeadHERship classes through the Chamber. She has had hundreds of women go through her classes and impacted EVERY woman she ever met. Most recently was selected as a Wonder Woman of San Joaquin County by San Joaquin Magazine, which she was very proud of.

She was a wonderful giving soul, who loved everyone she met. She is always remembered by those who meet her. She lived the mission statement of this church, to make everyone feel important, loved, and wanted.

She had had a bout of pneumonia at the beginning of April and had been terrified of dying alone in the hospital. She did not die alone, but rather passed away in her sleep lying next to me. That and the fact, that she is no longer in pain, but rather rejoicing with Jesus, have given me comfort during this past week.

She is survived by our son, Josh, her bonus daughter, Sam, her son-in-law, Abe. Also by her mother, Shirley Woods, her father Buddy Woods, her two sisters Susan Fullerton and Amy Wheeler. Her brother Jeff Woods preceded her in death. Numerous cousins, nephews, and aunts and uncles as well.

### Ready to Work San Joaquin County

Ready to Work welcomed its first clients into its shelter in July 2018. Since that day when their initial cohort settled into its bunks, they have seen the program grow and have witnessed individuals with no homes and little hope transform their lives with purpose and promise. It began with only 10 people — men referred from shelters, from jail, from the streets, from shelters. You can watch a short video on the program here <https://www.readytoworksjc.org/#powerofwork>.

forward-thinking communities. You can reach them at Ready To Work San Joaquin, 119 E Weber Ave. | Stockton, CA 95202.

Martin Ross, Executive Director gave a presentation to our club and left us convinced that this was a project that deserves to be supported. You can donate to them by mailing your check to: **Ready To Work San Joaquin**, 119 E Weber Ave. Stockton, CA 95212. All contributions will be gratefully acknowledged and are tax deductible.

### Scholarship Awards

Graduating high school students **Mary Barnes, Ryan Ehresman and Faith Travis** have been selected to each receive a \$1,000 scholarship from the Lodi Rotary Foundation. Students will receive scholarships this year from the club once they have verified acceptance and enrollment in fall classes. We received five applications from Lodi High and two from Jim Elliot.

**Mary Barnes** is graduating from Lodi High School. She plans to attend Point Loma Nazarene University, majoring in Psychology. She is an exceptional student with a 4.3 grade point average. She has demonstrated a commitment to "Service Above Self" throughout her high school years. A notable example is teaching two weeks at a school in Tanzania. Other service endeavors include Lodi High student government, community activities including Love Lodi, and numerous community service projects associated with her church.

**Ryan Ehresman** is graduating from Jim Elliot Christian High School. Ryan plans to attend Letourneau University, majoring in Mechanical Engineering. He is ranked 1<sup>st</sup> in his graduating class with a grade point average of 3.98. He has distinguished himself as a student leader in sports, Rotary Interact Club, Robotics Team and Chess Club. He represented his high school at Camp RYLA. He hopes to use his college education and professional degree to embrace a lifestyle that embodies "Service Above Self".

**Faith Travis** is graduating from Lodi High School. She plans to attend Grand Canyon University, pursuing a B.A. in elementary education and special education. She has a grade point average of 3.78. Faith has assumed service roles in numerous school and community activities including serving as a student conflict mediator, student mentor and assistant to students with special needs the Lodi High Through Sparking Friendships Program, and Camp Barnabas a church affiliated summer camp serving special needs persons. In her "Service Above Self" essay, Faith credits her school and community service work with special needs students as the basis for her professional choice to be an elementary special education teacher.

Scholarship applicants are evaluated on the following factors in combination:

- Academic performance of 3.0 cumulative grade point average or better.
- School and community service
- An essay (1-2 pages) requiring student to explain how their life while in high school has reflected the Rotary motto, "Service Above Self".
- Family financial need

### President for 2016-2017

Now that another Thanksgiving is in the books, it's time for Christmas & the Holidays!

Thursday the 8th our own Phil Lenser will give us some info on our club foundation. The 15th is the Christmas Dinner. If you haven't sent a payment to Brian for dinner,

please do. If not, you can pay that night, but we at least need a response for Kirk for the head count. Prime Rib, I believe, is on the menu. With the Holiday Season comes our annual Christmas Project. This year, we will again be providing iPods & earbuds for the Alzheimer's patients in Lodi. Last year we provided about 40....this year I'm hoping we can provide 50-60. All donations are welcome! I've added this project to our District Grant Funding, so if we can collect \$1500 we will be set. If you'd like to see how Alzheimer's patients come "Alive Inside" when exposed to the music of their era, please check out "Henry's Story" on our club FaceBook page (LodiRotarians95240). Thanks
